Whose Say-so is Best?

Whose Say-so is Best?

With nearly all medicines put up for sale through druggism, one has to take the maker is say-so alone as to their carretive value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and thorefore striking acception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are masters of public knowledge, being printed on each caparate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the saveral ingredients entaring into these well-known medicines.

Amoust those writers we find such medical lights as Prof. Finley Kilingwood, M. h. of Bennet Medical College. Chicago: Prof. Hale of the same city: Prof. Johe M. Sconder, M. D. late of Chichmatt, Obio: Dr. Grover Coc. of New York: Dr. Bartholow, of Jesterson Medical College. Of Panal scores of others equally eminant.

Dr. Pierce's Favorite Prescription cure the worst cases of fundie weakness, prolations, and excession and chreets irregularities, cures painful periods, dries up disagreeable and weakening draips, sometimes known as palvic catarrh and a multi-sude of eater diseases peculiar to woman. Bear in mind, is is not a patent nor even a secret medicine put up for manale such prescription is composed of. On other medicine put up for manale special maindies and sold through them just what his "Prescription" is composed of. TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a wincan or a man with lux If you see a warran or a man with me uriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff. but not one but Newbro's Herpicile tolls you that dandruff is the result of a gern burrowing into the scalp, and that per-manent cure of dandruff and its consepuent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10. In stamps for sample to The Herpicide Co. Two sizes—50 cents and \$1.00. E. S. Leadbeater & Sons, Special Agents.

Constipation

Eaked sweet apples, with some people, bring prompt relief for Constigation. With others, coarse all-wheat bread will have the same effect, where we doubtedly has a vegetable remedy to relieve every aliment known to man, if physicians can but find Nature's way to bealth. And this is strikingly true with regard to Constipation. The bark of a certain tree in California—Casus Bagrada—offers a most excellent aid to this same Cascars bark is given its greatest possible power to correct constipation. The park Solid Extract of Promes, etc., this pame Cascars bark is given its greatest possible power to correct constipation. A textisome change Tables, casiled leas-et, is now made at the Dr. Ebnog Laboratories, from this ingenuous and nost effective prescription. Its effect on Constipation, Billoumess, Sour Stomach, Rad Breath, Ballow Complexion, etc., is indeed prompt and salid find.

Boy Probably Murdered.

No additional clews have been found to the supposed murderer of Stanford Adams, the four-year-old son of Col. S. L. Adams, whose charred body was discovered Thursday in the ashes of a burned barn at Cluster Springs, Va. The theory of murder is strengthened by the fact that the boy's skull was fractured, and the body was found in a corner of the barn where he could scarcely have gone himself. Rev. W. W. Reynolds, pastor of the Baptist Church, who was passing, and the colored server will employed in Mr. Adams' famvant girl employed in Mr. Adams' family, heard the child scream once, just before the barn was discovered to be in flames. About this time a strange man was seen fleeing down the railroad tracks. While it is possible that the child was playing with matches and set the barn on fire himself, yet it is the general opinion that the lad was mur-dered for revenge upon the father. Mr. Adams, who is a lawyer practicing in Virginia and North Carolina recently incurred the ill will of North Carolina distillers opposing the granting of licenses in Virginia for the manufacture of whisky. Following his action he received several threatening letters. He was in Caswell county, N. C., when his

Shot Himself in a Theatre.

Robert M. Crow, twenty-two years old, of 326 Braddock avenue, East End, stood up in a box during the performance at the Grand Opera House in Pittsburg, Pa., yesterday afternoon and fired a bullet into his abdomen. His wound, it is believed, will result fatally. Crow is known by members of his family to have been mentally unbalanced for several months. The young man was under the delusion that he should be able to accumulate an immense for-

tune in a very short time.

When Miss Ethel Levy came on the stage for her act all the lights were turned out with the exception of a spot light. Calmly Crow stood up in the box and Caimly Crow stood up in the box and loaded a 38-caliber revolver, which he took from his pocket. Then as the house was flooded with light at the conclusion of Miss Levy's "Firequited Love" song, Crow was seen by the entire audience standing with the revolver placed against his body.

Miss Levy put her hands over her face and fied from the stage just as Crow disphaged the weapon. The greatest

discharged the weapon. The greatest excitement followed. Crow was married

Mrs. Virginia Bussier was burned to death about 11 o'clock yesterday morning in the home of her son-in-law, W. C. Moore, on Midlothian turnpike, about seven miles from Manchester. Unnoticed, Mrs. Bussier had re-entered the house, which had caught fire, to get some valuable papers, money, and bonds, which were kept by her in an upper room. The house, the home of Mr. Moore, together with a number of outbuildings, was burned to the ground. The loss will exceed \$3,500. After the fire burned out the partially charged remains of Mrs. the partially charred remains of Mrs. Bussier were found among the ruins by friends who had been helping to try and save the building. Moore is a farmer and also conducts a small store. The storehouse was not burned. The fire started in some way in the kitchen, bu the cause is unknown. No one else was injured. Mrs. Bussier re-entered the house while the men were at work sav ing furniture, and no one knew she had gone back until too late to rescue her.

Out of Sight.

"Out of sight, out of sight," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve, It's out of sight, out of mind and out of existence. Piles to and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbester & Sons, Druggisis. 25c.

Rioting in Russia

St. Petersburg, April 11.-Serious rioting has occurred at Ekaterinslov, where labor difficulties have followed the closing of the Bryansk iron and steel works. Five thousand men have been locked out by the shutdown. Troops called out to keep order have had several clashes with the workmen. A captain was killed in one of the skirmishes. Many arrests have been made.

She Gave Notice.

"Did your cook give you any notice that she was going to leave?" "Ob, yes; she broke two windows, one of my most costly ornaments, three dinner plates, a whole porcelain teaserv ice and the pledge."

Does Conce disagree with you? Probably it does! Then try Dr. Shoop's Health Codec. "Health Codec" is a clever combination of parched certals and nuts. Not a grain of real Codec, remember, in Dr. Shoop's Health Codec, yet is flavor and taste matches closely old Jays and Mecha Codec. If your stomach, heart or kidneys can't stand Codec drinking, try Health Codec. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Said by E. S. Carbolic Bureau of Indian Missions. With Cardinal Gibbons p residing, the Catholic Bureau of Indian Missions de-Catholic Bureau of Indian alisators are cided last night, at their annual meeting at the Catholic University, in Washington to insist that no sectarism influence, either in prayers or teaching, be allowed in the Indian schools. They passed a resolution to co-operate with the present Indian Commissioner, Francis E. Leupp, in this step, and to renew their efforts in this step, and to renew their efforts to help the government in the education of the Indians. It was further decided that the only same method of instructing the red men in the way of morality was to allow each denomination to instruct those Indiana who wished to embrace its

particular faith. This decision applies even to the "Lord's Prayer," as now recited in many of the Indian schools, since the Catholics and Protestants say it differently. For this reason it was the some of the meeting that the recital of that prayer be dispensed with in the schools. Likewise hymns and scriptural readings which have a sectarian tendency are thought to have a bad influence on the institutions, and it was recommended that only indubitably nonsectarian excreises be held in any of the schools.

Many sufferers from mass catarrh asy they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaise nor other dangerous drug in it. The scotting spray relieves at once and cure is certain. All druggists, 75c, including spraying tabe, or mailed by Ely Bros., 56 Warren Street. New York.
